**PRE-HEARING INTERROGATORIES TO THE  
CONNECTICUT LIGHT AND POWER COMPANY AND THE  
UNITED ILLUMINATING COMPANY  
FROM THE TOWN OF MILFORD**

**SET ONE**

The Town of Milford (the “Town”) submits the following Pre-Hearing Interrogatories (“Set One”) to The Connecticut Light and Power Company and the United Illuminating Company (the “Applicant”) in connection with the Application to the Connecticut Siting Council for a Certificate of Environmental Compatibility and Public Need for the construction of a new 345-kV electric transmission line facility and associated facilities between Scovill Rock Switching Station in Middletown and Norwalk Substation in Norwalk, including the reconstruction of portions of existing 115-kV and 345-kV electric transmission lines, the

construction of Beseck Switching Station in Wallingford, East Devon Substation in Milford, and Singer Substation in Bridgeport, modifications at Scovill Rock Switching Station and Norwalk Substation, and the reconfiguration of certain interconnections (the "Application"). As Interrogatory No. 1 requires no document production, requests information readily available to the Applicant, and is information that should have been provided to the Town in conjunction with the filing of the Application, Milford requests that the Applicant respond on or before April 19, 2004. Milford requests that the Applicant respond to Interrogatory No. 2 on or before April 26, 2004.

1. With respect to the proposed East Devon Substation, please articulate the bases for its relocation from the location proposed in the Technical Report submitted to the Town on May 1, 2003 to the location proposed in the Application submitted to the Council.
2. For each of the following nine (9) properties, each located in the Town, please provide the measured and calculated electric and magnetic fields at the boundary or location of each residential structure closest to the proposed 345 kV transmission line. Please provide this information in the same format as provided in the "Updated Table A-1 for the Electric and Magnetic Field Assessment: Middletown-Norwalk Transmission Reinforcement report" dated March 12, 2004 and submitted to the Council on March 15, 2004.
